Dear Emory,

The two pages of FBIHQ 62-109060-7437 indicate that the initial FBI NAA release was of 73 pages. This is not in accord with my recollection. I've no time for checking now because of all the FOIA work. (This case is up for oral argument before the appeals court next week.)

Michael

My hunch is that the unnamed prof /is/Kurtz, Univ. La. at Lafayette/

If I am correct there is littlepoint in my writing him.

If this number of pages does not coincide with your number and you'd care to follow it up I'd be interested in the results.

I am aware that my recollection may be faulty.

The FBI now claims that the curbstone spectro has disappeared. Did they give you a print among the prints you got?

Best,
